

CAPABILITY STATEMENT

COMPANY OVERVIEW

Royal Crane Service, Inc., led by John Mooncotch Jr., offers more than 40 years of proven expertise in crane rental and construction equipment services. With over 20,000 successful projects completed throughout the metropolitan area, our experience includes major infrastructure efforts such as the Mile Long Bridge near I-55 in Hodgkins, IL, and passenger boarding bridge removals at O'Hare Airport. As a certified MBE-DBE company, we provide crane rental, construction equipment rental, lifting equipment, and trucking services, supporting industrial, manufacturing, and mechanical projects across 12 states.

CORE COMPETENCIES

Crane Operations

State-of-the-art crane fleet operated by certified, licensed union operators to ensure maximum safety and reliability.

Pre-Job Lift Planning

Detailed lift planning, including advanced 3D lift plans, to model crane positioning and optimize jobsite execution.

24/7 Job Support

Round-the-clock customer support with on-site flagging services to enhance coordination and jobsite safety.

Diverse Project Expertise

Proven experience lifting and hoisting steel, glass, precast, trusses, HVAC systems, modular homes, bridges, generators, and more.

Proven Track Record: Successfully completed complex projects for clients such as Kiewit, CTA and O'Hare Airport.

Commitment to Safety: Utilization of advanced tools like 3D lift planning, ensuring precision and safety in all operations.
